**Expanding Syrian Women Refugees' Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life**  
**(Project No. 87693)**  
**Executive Summary**

The UNDP Office of Audit and Investigations (OAI), through KPMG SA (the audit firm), conducted from 19 October to 9 November 2015 an audit of Expanding Syrian Women Refugees' Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life (Project No. 87693) (the Project), which is directly implemented and managed by the UN Women Country Office in Jordan (the Office). This was the first audit of the Project.

The audit firm conducted a financial audit to express an opinion on whether the financial statements present fairly, in all material aspects, the Project's operations. The audit covered the Project's Trial Balance Report, which includes expenditure for the period from 1 January to 31 December 2014 and the Statement of Assets and Equipment as of 31 December 2014. The audit did not include expenses processed and approved in locations outside of the country (such as the UN Women Regional Office and UN Women Headquarters).

The audit was conducted under the general supervision of OAI in conformance with the *International Standards for the Professional Practice of Internal Auditing*.

### Audit results

Based on the audit reports and corresponding management letter submitted by the audit firm, the results are summarized in the table below:

Project Expenditure*			Project Assets		
Amount (in \$ '000)	Opinion	NFI** (in \$ '000)	Amount (in \$ '000)	Opinion	NFI (in \$ '000)
567	Adverse	68	96	Unqualified	0

\*Expenditures recorded in the Project's Trial Balance Report were \$641,856. Excluded from the audit scope were transactions that relate to expenditures processed and approved by other UN Women offices outside of the Country Office in the amount of \$74,746.

\*\*NFI = Net Financial Impact

The auditors provided an adverse opinion on the Project Expenditure reported for the financial year 2014, due to an overstatement of \$67,520 resulting from the erroneous recording of expenditure incurred in 2013 and 2015 in the Project's 2014 Trial Balance Report.

**Key recommendations:** Total = 2, high priority = 1

The two recommendations aim to ensure the reliability and integrity of financial and operational information.

For the high (critical) priority recommendation, prompt action is required to ensure that UN Women is not exposed to high risks. Failure to take action could result in major negative consequences for UN Women. The high (critical) priority recommendation is presented below:

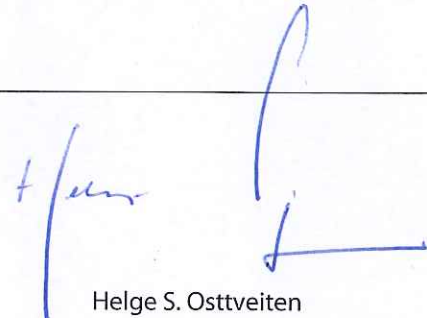

Non-compliance with  
year-end cut-off  
(Issue 2)

Expenditures in the amount of \$81,280 and \$13,760 related to 2013 and 2015, respectively, were reported in fiscal year 2014 and not in the years in which they were incurred.

Recommendation: The Office's management should strengthen its review procedures with respect to accrual accounting, to ensure that all expenditures for goods and services are reported in the period in which they were incurred.

### **Management comments and action plan**

The Representative of the Office accepted the two recommendations and is in the process of implementing them. Comments and/or additional information provided have been incorporated into the report, where appropriate.

## **Audit Objectives and Scope:**

The objective of the financial audit was to express an opinion on the Directly Implemented (DIM) project’s trial balance which includes:

- Expressing an opinion on whether the financial expenses incurred by the project between 1 January and 31 December 2014 are fairly presented in accordance with UN Women accounting policies and that the expenses incurred were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UN Women; and (iv) supported by properly approved vouchers and other supporting documents. The Project Trial Balance (PTB) is the mandatory and official Statement upon which the audit opinion should be expressed. Other forms of Statement of expenses that may be prepared by a project office are not accepted.
- Expressing an opinion on whether the Statement of fixed assets presents fairly the balance of assets of the UN Women project as at 31 December 2014. This Statement must include all assets available as at 31 December 2014 and not only those purchased in a given period. Where a DIM project does not have any assets or equipment, it will not be necessary to express such an opinion.

The scope of the audit relates only to transactions concluded and recorded against the UN Women DIM project, between 1 January and 31 December 2014. The scope of the audit did not include:

- Activities and expenses incurred or undertaken at the level of “responsible parties”, unless the inclusion of these expenses is specifically required in the request for proposal; and
- Expenses processed and approved in locations outside the country such as UN Women Regional Offices and UN Women Headquarters and where the supporting documentation is not retained at the level of the UN Women country office.

## **Independent Auditors' Report**

### **Project Trial Balance (PTB) Statement**

To: Office of Audit and Investigations (OAI), United Nations Development Programme (UNDP)

**Audited Project:** "Expanding Syrian Women Refugees' Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life"

**Period covered by the audited PTB Statement:** From 1 January 2014 to 31 December 2014

**Atlas Project Number to identify the PTB:** Number 00087693

**Location:** Jordan

---

We have audited the accompanying Project Trial Balance (PTB) Statement of the UN Women project number 00087693 "Expanding Syrian Women Refugees' Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life" for the period 1 January to 31 December 2014. The PTB expenditures totalling \$641,855.71, are comprised of audited expenditures of \$567,109.71 under the Directly Implemented Modality (DIM) and expenditures processed and approved outside the UN Women Country office in Jordan of \$74,746.00 which were excluded from the scope of our audit.

### **Management's Responsibility for the Project Trial Balance Statement**

Management is responsible for the preparation of the PTB Statement for "Expanding Syrian Women Refugees' Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life" project and for such internal control as management determines is necessary to enable the preparation of a Statement that is free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with the International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the project's preparation of the Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the project's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the presentation of the Statement.

### **Basis for Adverse Opinion**

Total expenditure amounting to \$81,280.23 and \$13,760.01 incurred in the years ended 31 December 2013 and 31 December 2015 respectively were included in the PTB Statement for the year ended 31 December 2014. These expenses related to purchases of goods and equipment, telecommunication and insurance and humanitarian aid and relief service expenses and should have been accrued and reported in the respective years in which the expenses were incurred in accordance with the policies and procedures of UN Women. As a result of the erroneous reporting of these expenses, the PTB Statement for the year ended 31 December 2014 has been overstated by \$67,520.22.

**Opinion**

In our opinion, based on the significance of the matters discussed in the paragraph above, the Project Trial Balance (PTB) Statement for the Project number 00087693 "Expanding Syrian Women Refugees' Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life" for the year ended 31 December 2014, does not give a true and fair view of the expenditure of \$567,109.71 incurred by the project for the period from 1 January 2014 to 31 December 2014.

## Management Letter

**Audited Project:** “Expanding Syrian Women Refugees”| Access to Economic Recovery Opportunities and Meaningful Engagement in Community Life”

**Period covered:** 1 January 2014 to 31 December 2014

**Atlas Project Number to identify the PTB:** Number 00087693

**Location:** Jordan

---

We have raised the following findings related to this project as a result of our audit;

### Observation 1

- **Purchase order issued after invoice and service/goods were received**

For Transactions ID ‘JOR30-00015917-1-1-ACCR-DST’ amounting to \$8,292 and of account number 72505, we noted that the UN-Women Purchase Order (PO) was issued after receiving the invoice. This is contrary to the requirements of the UN Women Programme and Operations Manual (POM) contract and procurement chapter "Award of Contracts".

- **Priority/Grading**

Medium.

- **Recommendation**

KPMG recommends that management at the Local Country Office implement procedures and processes to ensure proper compliance with the UN Women Programme and Operations Manual in regards to the issuance and approval of purchase orders. Additionally, any justification for non-compliance should be documented and filed appropriately.

- **Management Comment and Action Points**

ACCEPTED: The Country Office will put in place a clearance system prior to the approval of the purchase order to ensure that no purchase order is approved after invoice submission by the vendor.

- **KPMG response (if applicable)**

N/A

## **Observation 2**

- **Cutoff non-compliance**

Our review of PTB resulted in the identification of expense transactions amounting to \$13,760 that were incurred in fiscal year 2014 but were reported in fiscal year 2015. We identified expense transactions amounting to \$81,280 incurred in fiscal year 2013 but which were reported in the fiscal year 2014. These expenses related to purchases of goods and equipment, telecommunication, insurance, humanitarian aid and relief service expenses. The net effect of the error resulted in the overstatement of the 2014 expenses by \$67,510 which represents approximately 12 percent of the total expenses audited.

- **Priority/Grading**

High.

- **Recommendation**

UN Women applies an accrual basis of accounting principle. As such, KPMG recommends that management strengthen its review control procedures in respect to accruals to ensure that all expenses for goods and services are reported in the period in which the expenses were incurred.

- **Management Comment and Action Points**

ACCEPTED: The Country Office would like to stress that this seems to be due to the absence of clear corporate guidelines. It would be appropriate to signal it as an issue which requires a corporate response.

- **KPMG response (if applicable)**

## Annex 3: Audit finding priority ratings

The following categories of priorities are used:

<b>High (Critical)</b>	Action is considered imperative to ensure that UNDP is not exposed to high risks. Failure to take action could result in major consequences and issues
<b>Medium (Important)</b>	Action is considered necessary to avoid exposure to significant risks. Failure to take action could result in significant consequences.
<b>Low</b>	Action is considered desirable and should result in enhanced control or better value for money. Low priority recommendations, if any, are dealt with by the auditors directly with the Office management, during the exit meeting and through a separate memo subsequent to the fieldwork. <b>Therefore, low priority recommendations are not included in the audit report.</b>
